## **Public Workshop to Discuss Amendments to the Consumer Products Regulation for Cleaning Products**

The California Air Resources Board (ARB/Board) staff invites you to join us on Wednesday, August 27, 2008, at 9:00 a.m. (PDT) for a public workshop to discuss development of proposed amendments to the consumer products regulation. Specifically, we intend to discuss the 2006 Survey data summaries for specific categories, the proposed amendments, and the regulatory schedule. This is the first meeting regarding the proposals that will be presented to the Board at the November 20, 2008, hearing.

This rulemaking is to evaluate emission reduction strategies for several specific categories: Air Freshener (double phase aerosol); Furniture Maintenance Product (aerosol); General Purpose Cleaner (non-aerosol); General Purpose Degreaser; and Glass Cleaner (non-aerosol). Due to the schedule for this rulemaking, we will be releasing the preliminary data summaries in conjunction with draft proposed volatile organic compound (VOC) limits for each category. These materials will be posted to the website listed below prior to the workshop. Notification will be sent via the list serve when the materials are posted.

We look forward to your participation. The meeting will be held at:

Air Resources Board Monitoring and Laboratory Division  
First Floor Conference Room  
1927 13<sup>th</sup> Street  
Sacramento, California

You may attend in person or participate via teleconference. The following information is needed to participate via teleconference:
